

100 FOLD RETREAT

Aligning Design and Destiny for Executive Leaders

“God made me fast and I run to feel His pleasure.”

—Eric Liddell, *Chariots of Fire*

LIVING IN THE FLOW

As water naturally flows to the lowest point, so there is a path of least resistance for every man’s life.

We’ve all experienced convergence, those seemingly effortless moments—when who we really are is in perfect alignment with what we are doing. We were created to live in this sense of flow and fulfillment. The **100FOLD Retreat** helps men find and stay in their unique and God-given flow—the path of least resistance.

“The place God calls you to is the place where your deep gladness and the world’s deep hunger meet.”—Fredrick Buechner

DESIGN TO DESTINY

Many executive leaders are out of synch with themselves, others and God. They are often a half step off and out of key, living hectic, fragmented lives that lack a deep sense of calling and fulfillment.

The **100FOLD Retreat** offers an opportunity to align your life with how God created you and why you are here. We believe that every success and failure, all our gifts and capacities—even our life stories, represent a God-given design. And since there is only one leader like you, you have an unprecedented opportunity to influence your people and the course of history—your destiny.

When you align your life, you will experience fulfillment through the convergence of your design and destiny. The **100FOLD Retreat** starts you on the journey toward a God intended purpose that overflows into a life of significance and service to others.

“No professional education has had as profound an impact on me as the 100FOLD Project Retreat. This retreat gave me a better understanding of why I’m here and how I can positively affect the people I come in contact with every day. There’s no way, if you are willing to dig in, that this retreat won’t be a milestone in your personal growth.”

—Rob Unger, Sr. VP Sales / Rocky Mountain Clothing Company, Denver, Colorado
